The Greater East Hampton Education Foundation Program Grant Application – Project Proposal

Page 2 of 2 (Add extra pages, if necessary)

- Describe your proposal. How does it provide *innovative* educational opportunities for students that are currently not possible in your school?

In order to enhance the Core Curriculum Standards for Literacy, Music, Visual Arts, and Technology at Bernardsville Middle School, students will research an artist and a specific painting that is on display at BMS. They will research (on-line), write an original piece on the artist and his/her work, select music to accompany the writing, and then make an audiotape. Audiotapes will be merged so that listeners and viewers can tour the BMS halls as a "Gallery Walk" similar to art museums. We will have an evening "Gallery Walk" opening for parents and community members.

- Who will be involved? How many students will this affect/impact?

*Up to 30 students (open to Grades 5-8)
Guest lecturer on various artists and their work*

- What are your goals with this project?
 1. *To increase knowledge of the art history component of DBAE (Discipline Based Art Education).*
 2. *To integrate use of technology into an interdisciplinary project.*
 3. *To provide an authentic learning experience which has a real audience.*
 4. *To enhance the learning environment and climate of BMS.*
- Where will the project take place?

*Students will work in the art room during the activity period.
Students will utilize the computer room for on-line research.*

- How will the grant monies be spent? (I understand that I need to save all receipts as proof of all expenditures)

<i>Supplies and equipment:</i>	<i>20 tape cassettes @ \$2</i>	<i>\$ 40</i>
	<i>20 tape players @ \$20</i>	<i>\$ 400</i>
	<i>Art history resource books</i>	<i>\$ 150</i>
	<i>Art prints with frames</i>	<i>\$ 900</i>
